BITE SIZED LEARNING TOOLS

Are ready

The partners created a set of 16 **Bite-sized learning tools** aiming to increase the level of knowledge on vaccine and vaccination of healthcare professionals and support them to promote vaccination and tackle with vaccine hesitancy.

The components of the Tools are:

The Bite-sized learning tools follow the constructs of the PTT/IENE11 Model and each tool addresses a specific topic of the specific Curriculum Modules: 1. Cultural Awareness, 2. Cultural Knowledge, 3. Cultural Sensitivity and 4. Cultural Competence.

The tools are organized in an attractive form with links to additional resources, short Youtube videos, animations and other information sources as podcast, articles, etc., collected from the Internet.

The Bite-sized Learning tools are available on the website in English, Romanian, Spanish and Greek and can be downloaded and used by healthcare workers for their self learning.

A Compendium of all the Learning tools in English, Greek, Romanian, Spanish can be also downloaded from the project website at <https://iene11.eu/learning-tools/>.
