A set of 20 **Bite-sized Learning tools** created by the partners. Each tool addresses a specific topic according to the specific Curriculum Modules.
Please, visit the project website and download the Learning Tools in English, Romanian, Spanish and Greek at <https://iene11.eu/learning-tools/>

RESULT no. 4
TRAINING COURSE

The Massive Open Online Course “Promoting vaccination and tackle vaccine hesitancy”. The course aims to train healthcare professionals to promote vaccination and tackle the vaccine hesitancy.

The course was delivered to 300 healthcare professionals and students, from 2nd October to 10th November 2023.

- **Output 4.1.** Good Practice Manual.
- **Output 4.2.** Compendium of MOOC content in English, Romanian, Greek and Spanish
- **Output 4.3.** Kit for training the MOOC facilitators in English.

Please, visit the project website and download the MOOC outputs.

The Massive Open Online Course “Promoting vaccination and tackle vaccine hesitancy” aims at enhancing knowledge, communication, cultural and social skills of healthcare professionals and empowering them fighting disinformation, tackling the vaccine hesitancy and improve vaccine confidence to more hesitant people and especially those from disadvantaged groups.

The course is addressing the healthcare and social care workers involved in delivering vaccination, nurses or doctors, school or community nurses, teachers and students of these fields or other healthcare professionals wishing to improve their knowledge and skills on vaccination.
